

Alon Iter

Operations Manager | Delivery, QA Processes, Cross-functional Coordination | Mobile Gaming

054-4288272 | aloniter99@gmail.com | Tel Aviv , Israel | [Linkedin](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Operations Manager in mobile gaming, owning fast-paced execution across multiple stakeholders with strong focus on planning, QA processes, and reliable delivery. Experienced in coordinating priorities, managing timelines, writing documentation, and improving workflows to reduce errors and bottlenecks. Interested in applying these strengths to creative traffic management, supporting high-quality content delivery for global teams.

PROFESSIONAL EXPERIENCE

SuperPlay – Dice Dreams

October 2024 – Present | **Technical Operations Manager — SuperPlay | Dice Dreams**

- Owned day-to-day operational execution for a live mobile game, coordinating tasks across Product, Monetization, R&D, and other stakeholders to meet tight deadlines
- Built and maintained QA workflows (checklists, validation steps, rollout gates) to reduce production issues and prevent repeat mistakes.
- Managed prioritization and scheduling of deliverables, identifying risks early and communicating impacts, changes, and next steps to stakeholders.
- Wrote clear documentation, release notes, and internal guides that improved alignment and reduced back-and-forth during execution cycles.
- Tracked operational and performance KPIs after releases, flagged anomalies, and drove follow-ups to ensure stable delivery quality.
- Drove process improvements by standardizing workflows and reducing bottlenecks across recurring operational tasks.

Projects

- Inspector Pro (iOS) - Shipped inspection reporting app used by a family-run company. Photo annotations and Word/PDF export.
- Beat Runner and Merge Lab - Web game prototypes built with iteration driven by analytics and playtesting.
- ICE Analytics – Internal KPI dashboard for ICE (ice.co.il). Built a self-serve analytics tool for product and content teams to centralize KPI tracking, improve data visibility, and reduce manual reporting.

EDUCATION

B.Sc. in Information Systems
The Academic College of Tel Aviv-Yaffo
Graduated July 2024

LANGUAGES

Hebrew - Native
English - Fluent

SKILLS

Operations and Project Management:

Planning, scheduling, prioritization, stakeholder management.
Process optimization, bottleneck removal, QA workflows.

Data and Tracking:

KPI monitoring, reporting, spreadsheets, SQL.

Tools:

Monday, Jira, Confluence, Notion, Google Sheets, Slack.

Creative & AI Tools

AI-assisted asset creation (image, video, copy generation).
rapid prototyping using AI tools for apps, creative concepts, and content
Workflow automation using AI tools to reduce manual production steps
Unity (basic familiarity)
Basic video / digital asset workflows.
